

Light - ECO CLEANER

Eco Friendly Cleaner & Stain Remover

EXPERT Clean & Bright Eco Cleaner is an oxygenated bleach and multiple-purpose cleaner designed for use on untreated and treated wood. It is safe for use on all wood finishes, vinyl, and composites.

Remove superficial dirt, debris, grime, and light organic growth stains, such as algae, mold, and mildew. **Reverse** weathered graying caused by damaging UV rays.

Mild - WOOD CLEANER

Cleaner & Mild Stripper

EXPERT Clean & Bright Wood Cleaner is an effective cleaner, stain remover, and mild stripper. It's designed for use on untreated and treated exterior wood.

Remove worn oil-based finishes, most lumber ink stamps, dirt, debris, and grime. **Eliminate** stains from organic growth, such as algae. **Erase** stains caused by tannins, mold, & mildew. **Reverse** weathered graying caused by damaging UV rays.

Heavy - WOOD STRIPPER

Stripper & Heavy-Duty Wood Cleaner

EXPERT Clean & Bright Wood Stripper removes oil-based paints and finishes, organic growth stains, and debris. Recommended for professional use.

Remove worn oil-based finishes, lumber ink stamps, dirt, debris, and grime. **Eliminate** and **erase** stubborn heavy organic growth stains, such as algae, mold, and mildew. **Reverse** severely weathered graying caused by damaging UV rays.

Extra Heavy - STRIPPER BOOSTER

Wood Stripper Additive

EXPERT Clean & Bright Stripper Booster is an additive for Wood Stripper to **aid** in removing tough water-based finishes. It **increases** the strength of Wood Stripper for a 'boost.' Stripper Booster is designed to be used in conjunction with Wood Stripper and is recommended for professional use.

Chemical Neutralizer & Wood Brightener

Use to **deactivate** all EXPERT Clean & Bright products. Always use it as STEP 2 in The EXPERT-3-STEP-System maintenance and rejuvenating process.

It returns wood back to the natural pH and color. Neutralizer & Brightener is required as the final step in surface prep before applying STEP 3 EXPERT Stain & Seal.

Step 1: Mild - Wood Cleaner
Step 2: Neutralizer & Brightener
Step 3: EXPERT Semi-Transparent Pecan
