

## THE SMART, SAFE CHOICE

### COLORS & FINISHES

EXPERT Stain & Seal is an oil-based finish that creates a beautiful, healthy wood color and finish. Choose from 19 natural tones in transparent, semi-transparent, and semi-solid colors.

### BEAUTIFY & PROTECT

Enjoy a beautiful, long-lasting, richly toned finish that won't chip, crack, or peel while deep penetrating oils protect wood structures from the inside out – no warping, cupping, or weathering.

### ULTRA-LOW VOC & EASY CLEAN-UP

EXPERT Stain & Seal is our multi-surface *backyard-safe*, ultra-low VOC stain – <40 g/l.\* Lower, long-term off-gas levels create safe applications and clean-up experiences, and healthier family and pet-friendly environments.

Semi-Transparent, and four (4) years for Semi-Solid stains. Transparent Clear finishes require maintenance intervals as well as re-application every 6 to 12 months and are not covered by the Limited Lifetime Warranty. No other warranty is expressed, or implied. If the EXPERT Stain & Seal product is faulty when applied according to the label instructions, product replacement may be awarded, or the purchase price refunded. The Manufacturer and Seller assume no liability for any labor costs.

<sup>†\*</sup> For the Limited Lifetime Warranty to be valid EXPERT Stain & Seal products must be applied with proper application technique, according to label directions. Finished surfaces must be maintained according to The EXPERT 3-STEP System's maintenance schedule and it's EXPERT Clean & Bright product recommendations. Horizontal surfaces must have a maintenance stain coat application every 2 years on. And vertical surfaces require maintenance every two (2) years for Transparent, three (3) years for

# Made by Experts for experts

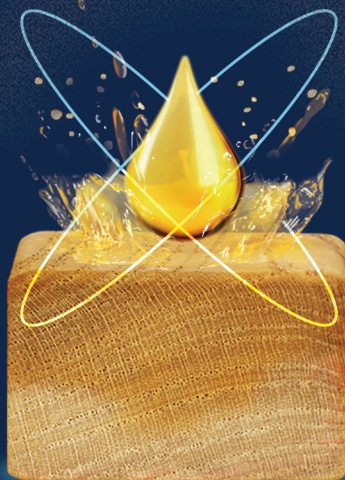

And homeowners who prefer expert performance in wood stain.

## Expert Performance with our multi-surface stain & sealer

This ultra-low VOC, deep penetrating *Conditioning Oil Formula* with proprietary blends of drying and non-drying oils and premium pigments provides professional-grade protection with high-solids coverage and color quality.

EXPERT Stain & Seal sinks deep into the top layers of wood to seal non-drying oils and pigments within preventing color loss, UV damage, water absorption, cupping, warping, and cracking. And, as a self-leveling stain it expertly applies with no drips, runs, or lap marks, so it won't chip, crack or peel and can be re-applied without stripping or sanding.\*

Available in 19 colors across three finishes: **TRANSPARENT, SEMI-TRANSPARENT & SEMI-SOLID STAIN**

### TRANSPARENT STAIN

For low traffic surfaces, such as fences, decks, siding, hardwoods and shakes.

Enhance the Real Beauty of Wood. Naturally.

Try EXPERT Stain & Seal in a transparent finish to enhance wood grain and color. Guaranteed to provide a beautiful seal, *Conditioning Oils Formula* sinks deep into wood layers, nourishing and protecting new or restored wood from harsh elements.

Choose from these five ready-mix transparent stain and seal finishes.\*

### SEMI-TRANSPARENT STAIN

For medium traffic surfaces such as fences, decks, siding, shakes and log homes.

Add Real Longevity to Wood. Simply.

Get the best life out of exterior wood with EXPERT Stain & Seal in semi-transparent finish. Dramatically increase wood's defense against everyday wear and tear while preventing damaging environmental effects..

Choose from these five sophisticated ready-mix semi-transparent finishes.\*

### SEMI-SOLID STAIN

For heavy-traffic and weathered surfaces on fences, decks, siding, and log homes.

Create a Real Impact on all Wood. Beautifully.

Renew exterior wood with EXPERT Stain & Seal in semi-solid. Effectively restore and protect wood's defenses against heavy wear and tear and extreme weather effects.

Choose from nine high-hide, ready-mix semi-solid stain colors.\*

\* All EXPERT Stain & Seal stain samples are applied to cedar wood. Color results may vary by wood type, grain, color, texture, and age. Stripping or sanding is required when changing stain color from a dark stain color to a lighter one.
